

Nattawut Jaidee

Frontend Developer · 4 years of experience · Bangkok, Thailand
nattawut@example.com · 000-000-0000

Summary

Frontend developer with 4 years of experience building web apps in React and TypeScript. Cares about accessibility, performance and automated testing, and works closely with designers and backend teams.

Experience

Frontend Developer (mid-level) — Example Tech Co., Ltd. (fictional) · 2023 – present

- Built customer dashboards with Next.js and TypeScript; maintain a shared component system used by several teams.
- Improved main-page load time with code splitting and lazy loading.
- Wrote test suites with Vitest, Testing Library and Playwright.

Frontend Developer — Example Startup Co., Ltd. (fictional) · 2021 – 2023

- Built storefront pages with React and Tailwind CSS alongside the design team.
- Integrated REST APIs and managed server state with React Query.
- Set up CI for lint and tests before merge.

Skills

- React, TypeScript, Next.js, Tailwind CSS, HTML/CSS
- Testing: Vitest, Testing Library, Playwright
- Tools: Git, Vite, GitHub Actions, Figma

Projects

- **Team task board (sample)** — drag-and-drop board with dark mode and Thai/English UI.
- **UI component library (sample)** — buttons, forms and tables with docs and tests.

Education

B.Eng. in Computer Engineering — Example University (fictional) · 2017 – 2021

This document is fictional demo data. It does not describe a real person or company.
